

Orthopaedic Telemedicine Services

Albemarle Orthopaedics

www.drwilliamgrant.com

We are pleased to announce *Orthopaedic Telemedicine Consultations and Referrals* in Charlottesville and throughout Virginia

No longer do you, and more importantly your patients, have to wait weeks to receive Orthopaedic Consultation. Albemarle Orthopaedics is now offering office-to-office orthopaedic consultation and patient referrals by Telemedicine within 24-48 hours. This service allows you and your patient to converse with our orthopaedic team, face-to-face via HIPAA secure video conferencing using any smart phone, tablet, or laptop in the comfort of home or office. When in-person consultation is best, we will readily make this arrangement as well.

To Schedule:

Simply call our office at **(434) 817-7200**. Once scheduled, the patient will be sent a link via email to download a simple video application.

We accept most major insurances. The State of Virginia and insurance companies recognize the value and benefit of telemedicine, such that these visits are covered just as in-person visits. Normal copayments and coinsurances apply. To better serve our patients, we also offer transparent prices for self-pay patients and high deductible plans which can be viewed on our website at www.drwilliamgrant.com.

About Albemarle Orthopaedics

Albemarle Orthopaedics prides itself in providing state-of-the-art medical care with focus on patient-centered practices, leading to strong relationships and excellent outcomes. Our office offers a welcoming, knowledgeable, and dedicated staff.

William Grant, MD

Dr. Grant is UVA trained and Board-Certified with more than 30 years of experience. He provides General Orthopaedic care with special interest in knee and shoulder surgery. He is an independent surgeon, dedicated to quality care and honest pricing. He has supported transparent pricing in the Charlottesville area through his medical practice and the Monticello Community Surgery Center where he operates.

GM Pugh, PA-C, ATC

GM is a certified Physician Assistant with more than 7 years of experience with Dr. Grant. In addition to diagnosing and treating patients, he assists Dr. Grant in surgery and serves as the Office Manager at Albemarle Orthopaedics. His patients have come to love his friendly personality and wealth of orthopedic knowledge.
